# Distance Learning

## **Primary Caregiving and Continuity of Care**

**Training time: 1 hour      Topic: 1**

**Fee: \$15**

Because babies and toddlers learn in the context of one-on-one relationships, the most important ingredient in high quality child care is the relationship between the caregiver and the child and his or her family.

## **Planning Transitions to Prevent Challenging Behaviors**

**Training time: 1 hour      Topics: 1, 3, 4**

**Fee: \$15**

Over the past decade, there has been a significant rise in the number of children in child care settings. As a result of this trend, child care providers have become more concerned about children with challenging behaviors and the effects of those behaviors on others in the classroom. This training will discuss some techniques to try to prevent some of these challenging behaviors.

## **The Wisdom of Play: How Children Learn to Make Sense of the World**

**Training time: 1 hour      Topic: 1**

**Fee: \$15**

For young children in particular, play is a fundamental mode of learning. This workshop will discuss the importance of play and what children learn from play.

## **FDC Regulations Scavenger Hunt**

## **GFDC Regulations Scavenger Hunt**

## **DCC Regulations Scavenger Hunt**

## **SACC Regulations Scavenger Hunt**

**Training Time: 1 hour      Topic: 7, 8**

**Fee: \$15**

Instead of listening to us tell you about the regulations, you get to show us how much you know in this Regulations Scavenger Hunt!

## **Child Abuse and Maltreatment Identification and Prevention**

**Training time: 2 hours      Topic: 6, 8**

**Fee: \$25**

This workshop will cover necessary information on the subject of Child Abuse and Maltreatment and your role as a mandated reporter.

## **What Every Child Care Provider Should Know About Sudden Infant Death Syndrome**

**Training Time: 2 hours      Topics: 1, 2, 4, 7**

**Fee: \$25**

Research on sudden unexpected infant death has led to both regulations and new recommendations about safe sleep. When you care for babies, understanding this information is important not only for your own practices, but so you can share the information with parents and other people in babies' lives.

## **Developing a Marketing Plan**

**Training Time: 2 hours      Topics: 5**

**Fee: \$25**

Owning and operating a child care business can be a very challenging and rewarding career. Success in this field requires dedication, love, patience and business skills. This training will assist you in developing a marketing plan so that you can help your business grow and be successful.

**NOTE: Developing a Marketing Plan is best suited for DCC & SACC Directors and FDC & GFDC Providers**
